

24 May 2022

Mr. Christophe Herda, QA Manager
Sabena Technics PGF
Avenue Maurice Bellonte
Aéroport de Perpignan-Rivesaltes
66000 PERPIGNAN
France

Dear Sir,

Sabena Technics PGF is hereby provisionally approved, as a Bermuda OTAR 145 Option 1 Aircraft Maintenance Organisation (AMO), to perform and certify maintenance on Bermuda registered aircraft.

Approval Number **BDA/AMO/855** has been assigned to your organisation. This approval is limited to the same scope of approval as specified under the EASA aircraft maintenance approval number FR.145.0744.

This provisional approval is based upon the procedures of your EASA approval and the associated Bermuda Supplement document provided. Any certificate of release to service (CRS) issued to Bermuda registered aircraft, shall be issued in accordance with OTAR Part 43 Subpart C.

This approval is valid from 24 May 2022 until 23 July 2022.

Your full term approval certificate will be issued, pending a satisfactory onsite audit.

Yours faithfully,

Michael Swann,
Director of Airworthiness
Bermuda Civil Aviation Authority
